SUSTAINABILITY
REPORT CARD

100% of your CSA
food dollars go to
the farmer

*On average in the
US, farmers earn
just \$0.14 per
food dollar sold.*

Organic produce
contains 20-40%
more antioxidants

*Antioxidants boost
anti-aging and
cancer-protective
properties.*

Organic farms
emit 30% less
greenhouse gases

*Organic farms use
less resource
intensive inputs
and build healthy
soils that sequester
more carbon.*

CSA shares travel
less than 100 miles
to your table

*On average,
food from
the grocery
store travels
1500 miles.*
